

CITY OF INTERNATIONAL FALLS, MINNESOTA
RESOLUTION No. 36-19

**RESOLUTION AND PUBLIC NOTICE OF SPECIFIC PROJECTS TO BE
FUNDED WITH THE LOCAL SALES AND USE TAX SUPPORTED BY
VOTERS AT THE NOVEMBER 6, 2018 GENERAL ELECTION**

Resolution offered by Councilor: Droba

Resolution supported by Councilor: Krause

WHEREAS, the City Council of the City of International Falls (“City”) is authorized to initiate the process to impose a local sales and use tax within its jurisdictional boundaries by enacting a resolution with findings in support of said sales and use tax as outlined in Minnesota Statute, Section 297A.99; and

WHEREAS, the imposition of a one percent (1%) local sales and use tax was approved by the voters in a referendum held November 6, 2018; and

WHEREAS, the local sales and use tax may only be imposed if the political subdivision, that is the City of International Falls, obtains enactment of a special law adopted by the Minnesota Legislature authorizing the City to do so by taking the following general steps:

1. Pass a resolution proposing the local sales and use tax stating the proposed tax rate, the amount of revenue to be raised and its intended uses, and the anticipated date the tax will expire;
2. The proposed tax must be submitted to and passed by a majority of the voters at a general election held at least ninety (90) days after the resolution is passed.
3. The City must request and get enacted by the Minnesota Legislature a special law authorizing imposition of the tax;
4. The City must file local approval with the Minnesota Secretary of State before start of the next regular legislative session after the session in which the enabling law is enacted.
5. The City must pass an ordinance imposing the tax and notify the Commissioner of Revenue at least ninety (90) days before the first day of the calendar quarter on which the tax is to be imposed;
6. The City Council must pass a resolution at a regularly scheduled meeting outlining each of the specific capital projects what will be funded by the tax and the anticipated amount of revenues to be raised from the tax that will be used for each project;
7. The City must give priority to funding projects of regional significance;
8. Only projects in this resolution may be funded with the sales and use tax proceeds; and
9. The City Administrator must file with the Commissioner of Revenue an affidavit indicating compliance with Section 34, a copy of this resolution, and must publish this resolution on the City website until the sales and use tax terminates

WHEREAS, the estimated annual revenue from a one percent (1.0%) local sales and use tax is approximately \$803,149 based upon a five-year average; and

WHEREAS, the City Council has identified a need to repair, upgrade, improve, and expand the transportation system and public infrastructure throughout the community including the streets, curb, gutter, alleys, sidewalks and trails, stormwater drainage pipes and ditches, street lighting, water mains, elevated water storage tanks, sanitary sewer lines and lift stations; and

WHEREAS, the City consulting engineers have prepared a transportation and public infrastructure analysis of long term improvements and have identified estimated costs for designated projects as shown in the attached Exhibit A; and

WHEREAS, the Minnesota Department of Transportation (“MnDOT”) is preparing plans and specifications for a complete streets design concept and reconstruction of U.S. Highway 53; the project will extend from Memorial Drive to 2nd Street North in the years 2020/2022 with a preliminary, estimated total cost in excess of \$11 million in order to upgrade and improve accessibility for the disabled, stormwater management, paved road surfaces, traffic signals, street lighting, sidewalks, trails, boulevard plantings, and intersection geometrics; and

WHEREAS, the local share of costs (City costs) for the U. S. Highway 53 reconstruction project is preliminarily estimated to cost \$1,500,000; and

WHEREAS, the City of International Falls is subjected to an extraordinarily high level of traffic and demand on its transportation systems, including,

1) Roads - due to its location as an important vehicle and pedestrian port of entry, there is a significant level of commercial and recreational vehicle traffic and pedestrians traveling to and from Canada and the United States (the International Falls port of entry is the number one priority of the U.S. Customs and Border Protection agency for needed facility modernization and expansion);

2) Rail - due to the adjoining City of Ranier being the *busiest* rail port of entry in the United States with rail traffic projected to increase, we must support U.S. Customs and Border Protection personnel as well as provide facilities for food, lodging, and rail crew transfers as trains cross the border between Canada and the United States; and

3) Airport - the Falls International Airport, as one of only four international airports in the State of Minnesota, maintains daily commercial air service from Skywest/Delta and markets to northwest Ontario (approximately 40% of passenger enplanements) as well as the northern region of the State of Minnesota (the airport provides essential, daily commercial air service to the region with U. S. Customs services readily available for clearing international flights into the United States); and

WHEREAS, the City Council has determined that enactment of a local sales and use tax is the most equitable and fair method to pay the significant costs to upgrade, improve, and expand the identified transportation systems and other public infrastructure projects; and

WHEREAS, the legislature has by Minnesota Session Laws 2019, First Special Session, Chapter 6, Article 6, Section 20, authorized the City to, by ordinance, impose a sales and use tax of up to one percent (1%) to provide revenues to pay for the cost of collecting and administering the tax, and paying for transportation and other public infrastructure projects in the City, including securing and paying debt service on bonds issued to finance all or part of these projects and to pay

for certain costs related to the funding of the designated projects, and the City shall approve the Act in accordance with applicable law.

NOW, THEREFORE, BE IT RESOLVED, the City Council of the City of International Falls hereby authorizes and approves the revenue generated from the sales and use tax to pay all or part of the cost of collecting and administering the tax, paying for transportation and other public infrastructure projects in the City, including securing and paying debt service on bonds issued to finance all or part of these projects, and to pay for certain costs related to the funding of the designated projects as outlined in the attached ***Exhibit A***.

BE IT FURTHER RESOLVED, the total amount of transportation and other public infrastructure projects to be funded specifically with sales and use tax proceeds shall not exceed \$30,000,000, excluding debt service costs.

BE IT FURTHER RESOLVED, the City Administrator is directed to prepare an affidavit indicating compliance with the law and file a copy of this resolution and attachment with the Commissioner of Revenue and Secretary of State.

BE IT FURTHER RESOLVED, the City Administrator is directed to publish and post on the City website a copy of this resolution until such time as the local sales and use tax terminates.
